Swallows or Leather on Willow?

It's not swallows that make a summer, instead it is the sound of leather on willow up at Bengers Lane that will indicate its true arrival. This season Mottisfont Cricket Club will once again field two teams in the Tuesday Evening Border League, whilst on Saturdays the Club will be seeking promotion from North West Division 2 of the Hampshire Cricket League.

The Club is always on the lookout for new players (of all abilities), helpers, supporters or benefactors, so feel free to pop along on a Tuesday or a Saturday throughout the season to support the cricket club. There will always be a warm welcome and a cup of tea brewing in the pavilion.

Practice nets have been arranged at Oasis Academy Lords Hill for Thursday 5th, 12th & 19th April at 7:30pm. Nets are free and open to all, so if you know anyone who fancies playing this season then please encourage them to come along or contact either Tony Stemp on 340398 or StephenPGodwin@hotmail.com.

The fine fellows of the 1931 Mottisfont cricket team, sporting an interesting selection of hats!

**The deadline for inclusion of items in the April edition of the Acorn is 16th March.

Parish Council News

No crime was reported in the area over the Christmas holidays.

However since the New Year there has been a spate of catalytic converters being stolen. An oil theft was reported in Lockerley. The police have two people in custody whose black BMW car was sighted at a number of burglaries recently, and the police have been working with VOSA (Vehicle and Operator Services Agency) undergoing stop checks on vehicles. *(In a recent operation, 44 vehicles were checked. 1 was found to be using red diesel, and the driver was given an immediate £500 fine. In addition, 8 prohibitions were made. - Eds.)*

Speed enforcement and high visibility patrols continue in the area.

A recent poaching incident on Back Lane has been reported to PCSO Cole when a new silver Ford pick up was spotted with a rifle pointing out of the window.

A complaint received by the Parish Council about motorcycles driving at speed along Bengers Lane has also been reported to PCSO Cole.

When the weather improves, DJT (a local builder) will complete repairs to the damaged wall on Hatt Hill, following a recent skip lorry accident.

British Telecom work on Hatt Lane is for a fibre optic upgrade at the Abbey. It is hoped that those in Hatt Lane will also benefit from the upgrade.

The council has written to the Office of Rail Regulation concerning the recent failure of the Kimbridge and the Mottisfont and Dunbridge Station Level Crossings Barriers. We are waiting for a response.

Date of future meetings: 29th February and April 11th (Annual Parish Meeting) at 7.30pm – everyone welcome.

Clerk : Sue Holder, 340130

Roads and raising bridges

From Paul Murton

I am writing to you with regard to comments in the recent Acorn regarding lorries using the B3084 and the background behind it, of which your readers may be unaware.

Firstly I have no link to either of the two companies involved in the two accidents, but I have been involved in the road haulage industry for many years. The main reason lorries are using the B3084, and roads around Awbridge, etc., is due to the low height of Greatbridge, Romsey. The road through Kimbridge and Awbridge to the A27 at Shootash is the official high vehicle diversion route.

If the local Parish Councils and locals wish to reduce HGV traffic in the area, they would be better off lobbying for either Greatbridge to be raised or the A3057 Stockbridge Road lowered!

Incidentally you may have noticed lots of recent bridge closures in the area, and the impending closure of the railway bridge at Ashfield corner. This is due to the roads being raised, at huge taxpayers expense, all across the country to enable higher cargo trains on the railway network. I wish the same amount of investment could be spent on our road network, to replace and modernise our pre-war bridges.

Kind regards,

Paul Murton

DUNBRIDGE WATER TREATMENT WORKS

Southern Water is proposing to renew the treatment plant at Dunbridge.

Their initial proposal was to build a new plant next to the Mill Arms, but following discussions with Parish Councillors and the National Trust, they now intend to renew the existing treatment plant behind Mill Rise and Russell Drive.

The work should start later this year and take up to 6 months.

The contractors' site office will be in the old station goods yard and there will be some construction traffic around Barley Hill and into the woods.

We were assured that there will be no working in anti-social hours.

The Parish Council has welcomed the proposal but has written to Southern Water suggesting that they look not just at the treatment plant but at the capacity of the whole Dunbridge system, including the small pumping station and the soak away, both of which have a history of failing.

We'll keep you updated in further issues of the Acorn and the contractors also plan to keep local people informed as their plans firm up.

MOTTISFONT & DUNBRIDGE W.I.

We were pleased to welcome Mr. Steve Williams to our February meeting, who gave a very informative talk on the city of Prague, complete with commentary and musical background by Czech composers Smetana and Dvorak.

Prague is known as the City of 100 Spires, also as the Rome and Venice of the North and, with its baroque buildings and churches, is a beautiful city. We were shown the Charles Bridge with its statues, St. Vitus' Cathedral, the Astronomical Clock where crowds stand and watch the mechanical figures strike every hour, and many more sights.

On Tuesday, 13th March, we will welcome Group Captain D Greenway, who will be talking about the Royal Family. Why not join us? We meet on the second Tuesday of the month, at 8pm at Mottisfont Village Hall.

We will be holding a Jumble Sale on Saturday, 3rd March, at 2pm at Mottisfont Village Hall and look forward to seeing many dedicated jumble sale enthusiasts. Some of the proceeds will be going to Hampshire Air Ambulance and Awbridge First Responders, so we look forward to a good turnout

The Pitfalls of Purchasing a High Definition (HD) TV

There is considerable confusing (and very misleading) advertising around purchasing a High Definition TV, to be used for viewing HD TV programmes, HD Blue Ray discs, etc. This confusion centres on the two terms used in adverts to describe this type of television: "Full HD" and "HD Ready".

Full HD: These TV's will have two important numbers in the description: 1920x1080, which is the screen resolution, a measure of the fine detail that can be seen. This means that a TV with this description *should* be able to display HD source material correctly in full high definition. Unfortunately, this frequently doesn't apply in the cheaper end of the market, where TVs can suffer from a number of defects, such as poor colour and/or the picture falling apart when there is movement on the screen, etc. In addition, these cheaper models may also have high power consumption. In short, you get what you pay for! One other question to consider is do you really need an HD TV in the first place? If there is only space for a 32" model and this is viewed from over 2m away, it is unlikely that the extra fine detail will be visible, even to someone with 20/20 vision!

HD Ready, sometimes with 'Supports up to 1080i' (or 720p) in the description: These TVs are generally much cheaper and this description gives the impression that adding an extra HD receiver box, or Blue Ray disc player will allow you to watch programmes or discs in Full HD. Unfortunately, this is simply not true. What this description actually means is that the screen resolution on these TVs is not good enough to display HD source material in full high definition (examples of typical HD Ready screen resolution numbers are: 1366x768, 1024x768, 1280x768). Therefore, the HD source material must first be down-converted (i.e. downgraded) to display it on these lower resolution screens. The result may be better than viewing the same programme on SD (standard definition), but in many cases there could be little difference.

Dear Friends,

We are very much in the Season of Lent again but what are the origins of Lent? Did the Church always have this time before Easter?

Lent is a special time of prayer, penance, sacrifice and good works in preparation for the celebration of Easter. The two elements which are especially characteristic of Lent -- the recalling of baptism or the preparation for it, and penance -- are given greater emphasis in the liturgy. It is by means of them that the Church prepares the faithful for the celebration of Easter, while they hear God's word more frequently and devote more time to prayer. The word Lent itself is derived from the Anglo-Saxon words *lencten*, meaning "spring" and *lenctentid*, which literally means not only "springtide" but also was the word for March, the month in which the majority of Lent falls. Since the earliest times of the Church, there is evidence of some kind of Lenten preparation for Easter. For instance, St. Irenaeus (d. 203) wrote commenting on the celebration of Easter and the differences between practices in the East and the West. Lent becomes more regularised after the legalisation of Christianity in A.D. 313. The Council of Nicea (325), in its disciplinary canons, noted that two provincial synods should be held each year, "one before the 40 days of Lent." St. Athanasius (d. 373) in his "Festal Letters" implored his congregation to make a 40-day fast prior to the more intense fasting of Holy Week. St. Cyril of Jerusalem (d. 386) in his Catechetical Lectures, had 18 pre-baptismal instructions given to the catechumens during Lent. I myself wrote my dissertation on St. Cyril of Jerusalem and on his dramatic Baptismal Liturgical practices. Of course, the number 40 has always had special spiritual significance regarding preparation. On Mount Sinai, preparing to receive the Ten Commandments, "Moses stayed there with the Lord for 40 days and 40 nights, without eating any food or drinking any water" (Ex 34:28). Elijah walked "40 days and 40 nights" to the mountain of the Lord, Mount Horeb (another name for Sinai) (1 Kgs 19:8). Most importantly, Jesus fasted and prayed for "40 days and 40 nights" in the desert before He began His public ministry (Mt 4:2). Although the practices may have evolved over the centuries, the focus remains the same: to repent of sin, to renew our faith and to prepare to celebrate joyfully the mysteries of our salvation.

We are holding a Lent Course for the Benefice in Yew Tree House, High Street, Broughton. You are warmly invited. It begins at 8pm and is finished by 9.30pm. Just bring a Bible. 29th February, 7th March, 14th March and the 21st March. Feel free to come to all or some.

With Blessings

Ron Corne

Village Hall Association

Annual Village Fete

The annual Mottisfont & Dunbridge Fete will be held on Sunday, 19th August. This is a week later than normal to avoid clashing with the Olympic Games Closing Ceremony.

AGM

The Mottisfont & Dunbridge Village Hall Association AGM is Thursday 22nd March at 7.30pm – all are welcome, please come and join us for a glass of wine and nibbles following the meeting.

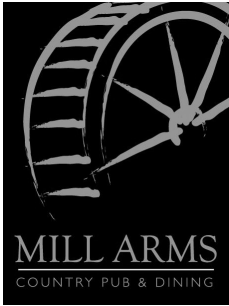

A New Group?

Did you play Scrabble at Christmas, or perhaps you play at other times? I thought about starting a group at the Village Hall for enthusiasts or beginners. We would play by the rules but nothing too cut-throat; it needs to be enjoyable for all. Possibly fortnightly, either on a Tuesday to alternate with the W.I or on a Friday to alternate with Whist.

Maybe a daytime Group would be preferred? I will arrange whatever seems to be the most popular. Cost would only be to cover hire of the hall for 3 hours, and a cup of tea, so would depend on how many people came on each occasion. Times to be agreed.

Have a word with me or come along on Tuesday, 6th March by 7.15 for a discussion and a trial run. Bring a board and letters if you can.

Recipe of the month: BEETROOT & CHOCOLATE CAKE

Beetroot is both now in season and the 'in thing'. The beetroot in this trendy chocolate cake helps keep it fudgy and moist. This recipe has a cream cheese filling and a chocolate ganache to boot!

Ingredients

20 grams of cocoa powder
250 grams of self-raising flour
1 teaspoon of baking powder
250 grams of caster sugar
100 grams of dark chocolate, broken into small pieces
200 grams of soft margarine
250 grams of cooked (not pickled) beetroot (about 1 large beetroot), chopped
4 large eggs, beaten
200 grams of mascarpone cheese
60 grams of unsalted butter, soft
200 grams of icing sugar, sifted
200ml of double cream
250 grams of dark chocolate, chopped
A little white chocolate, grated, to decorate

*Ian
Wooldridge,
Head Chef
at Kimbridge
Farm*

How to make it

First, grease and line with parchment two 21cm (8") sponge tins. Into a large mixer bowl, sift in the cocoa powder, flour and baking powder. Using another bowl (heat-proof glass or stainless steel) melt the chocolate and butter together over a pan of hot, but not boiling, water. Using a food processor, puree the cooked beetroot and then whisk in the beaten eggs. Now add the chocolate/butter mix and the beetroot/egg mix to the mixer bowl with the dry ingredients. Using a mixer, beat the combined mixtures together thoroughly on a slow speed. Then pour the mixture, half & half into each tin. Bake for 35-40 minutes at 180°C (160°C fan)/Gas Mark 4 until when a knife inserted into the centre comes out clean. Leave the cakes to stand in the tins for 10 minutes before turning out on a wire rack to cool. To make the filling, beat together the mascarpone, butter and icing sugar. Spread on top of one of the cakes and place the other cake on top so that the filling is in the middle. Finally, make the ganache to go on top. In a pan, bring the cream to just boiling and remove from the heat. Add the chopped chocolate and beat in vigorously until well combined and smooth. Allow to cool slightly, then spread on top of the cake. Leave to set. Decorate with some white chocolate shavings or a decoration of your choice.

A Mothers Day treat perhaps?
