Mottisfont & Dunbridge ACORN

May 2013

In aid of The Air Ambulance

It's A Knock Out!

Sunday, 21st July

We now have 6 villages putting forward teams: Broughton, Dunbridge, East Tytherley, West Tytherley, Mottisfont, and a joint team from Timsbury and Michelmersh.

The Dunbridge team so far includes Katy Buckingham, Dylan Buckingham, Stuart Wineberg, and Lyn Jenkins, so we are looking for another male to complete the team. The team is being sponsored by The Mill Arms, and is looking for a sponsor for an Event/Game.

Mottisfont's team so far includes Peter Holmes, Neil Sheppards, Charlotte Bennett, and a junior Bennett, so we are looking for another female to complete the team. Mottisfont's team is being sponsored by Abbey Grab, and their event is being sponsored by J.D.Jenkins and Son.

Anyone wanting to be in a team should contact Michael Horne, as should any individual or business who wishes to sponsor an event or game.

If you are able to help on the day with car parking, manning the entrance, selling programmes, etc., please contact Michael Horne on 340105 or by email at hornes@btinternet.com.

Speeding in Awbridge

Two individuals have been reported for summons to court for driving at 36mph and 38mph respectively in a 30mph speed limit along Stanbridge Lane in Awbridge.

The alleged offences took place last November.

(Information from Police Community Support Officer Jo Cole's weekly incident report.)

The

Village Fete

will be held on

Sunday, 11th August

If you have any ideas for the fete or would like to offer to help, please let me know.

Parish Council News

Community Speed Watch

A Community Speed Watch scheme has been proposed which would enable volunteers to monitor traffic speeds in Mottisfont and other Test Valley parishes. Unfortunately, the scheme is intended only for monitoring 30 mph speed limits. We have relatively few of these in Mottisfont and Dunbridge, so the scheme therefore seems unlikely to benefit us. We have discussed using the equipment on Barley Hill, however we believe the sight line requirement would make this unworkable. The Parish Council will monitor how neighbouring villages find the scheme, and will consider hiring the equipment if it seems suitable and there is sufficient interest to train volunteers.

Footpath

Construction of the footpath by the Old Goods Yard near Dunbridge station, promised for 2012/13, has been delayed but is still in Hampshire's capital works programme. We have been advised that the work will not commence before 2014. We are disappointed by this and Cllr. Gibson will try to advance the programme.

Highway maintenance

Hampshire County Council has budgeted for preventative maintenance work on the highways over the next four years, which will include digging of ditches and drainage work. New machinery is being tested to improve pot hole filling and road re-surfacing, and to improve the quality of work. The road from Kimbridge Farm to Dunbridge Lane is in the programme for resurfacing works this year.

Rural broadband

Hampshire County Council has signed a contract with BT to provide 90% of rural villages with faster broadband. Hampshire is supplementing the funding and it is hoped to increase this to 99% of homes. We don't have information about how this will improve services in the parish.

Revised Local Plan

Test Valley Borough Council has approved the draft Revised Local Plan which sets out how the needs of local communities, including housing and employment, will be met to 2029. The Revised Local Plan is now out for a first round of consultation, and there will be a further round in the summer. If you have comments, you are advised to make them on the TVBC website.

Next meeting

Date of next meeting: 22nd May. Everyone will be welcome.

Clerk: Sue Holder, 340130

Mottisfont in May

We have had a glorious spring (a bit of rain...), the snowdrops have looked lovely, the Winter Garden was a star spring attraction with the carpets of yellow daffodils and the summer looks set to be stunning too!

Latest exhibition: Watercolour

The latest exhibition in the Art Gallery is Watercolour, which runs from Saturday, 4 May to Sunday, 30 June. Artists have been using watercolour for centuries, from rapid sketches that capture atmosphere and colour to complex, expressive works that push the medium to its limits.

Michael 'Angelo' Rooker's watercolour of Romsey Abbey

Watercolour offers pure, luminous colour

but is notoriously unforgiving – artists have to be bold, and there are no second chances. This show features works by British artists from the 18th century to the present day, including many rarely seen gems from Southampton City Art Gallery.

Local landmarks feature from the start in this show, which includes delicate watercolours of Romsey Abbey and Netley Abbey, as well as intriguing maps and views of Southampton over several centuries. The exhibition includes everything from rough sketches and pencil drawings through to highly finished, large scale pieces. From the satirical views of Thomas Rowlandson to majestic landscapes by Paul Sandby, Frances Towne and Samuel Prout, discover the progress of watercolour from its observational beginnings to its more experimental later history.

Mottisfont Country Fair - Saturday, 25th May

Come and enjoy a day of traditional craftsmanship and family entertainment at Mottisfont's Country Fair on Saturday, 25 May. Following the success of last year's event, the 2013 Country Fair returns with an even wider range of country pursuits and skills, from blacksmithing to basket weaving.

Visitors can enjoy demonstrations of fly fishing in Mottisfont's bubbling chalk stream, and see forging, broom making and flint knapping at first hand. Craft demonstrations range from spinning and weaving to leather working and wood turning.

At our March meeting we enjoyed a practical demonstration, given by Tracey Walters, on how to sculpture a cake into a heart shape, how to ice this using sugar icing and how to make flowers to decorate the finished cake.

The next meeting will be on Tuesday, 14th May at 8pm when the speaker will be John Ericson talking about pub signs. Guests will be very welcome at this meeting together with husbands, partners, brothers and sons.

We would like to extend a warm welcome to any ladies who would like to become members of this WI branch. Activities enjoyed are interesting talks, lunches, day trips and company of like minded ladies in a friendly atmosphere.

An Introduction to Biodynamic* Farming and Gardening Nutley Farm (tel. 301228) 18th May at 2.30pm

- ◆ A short talk by Mark Redman.
- ◆ Tea break.
- ◆ Making one of the biodynamic preparations. This takes 1 hour. If you bring a bucket you can take some home to spray on your garden.
- ◆ We will also look at compost making at Nutley Farm, see the bees, the new lambs and walk in the wildflower meadows.

Families welcome. Children can bring their own bucket and join the activities.

**Biodynamics was first developed in the early 1920s and now encompasses horticultural and agricultural operations of all kinds and sizes throughout the world. It is an organic method of food production that works with the interrelationships of soil, plants and animals to strive to sustain a balanced ecosystem. Manure and plant-based preparations are applied to the land and the compost which enhance and stimulate microbiological life. This gives health and fertility to the soil which in turn supports quality produce. Biodynamic practitioners also recognise the subtle influences of the wider cosmos for guidance as to the best times for working with the plants and animals.*

TEST VALLEY LECTURE: 'Southampton from Blitz to D-Day' 15th May at 8pm

This month's lecture at Broughton Village Hall will be presented by Jake Simpkin, a well-known historian, researcher, Blue Badge Guide and authority on his home city of Southampton.

Jake will tell us about the 7th most heavily bombed city in Britain. It was the number one military port and the home of Spitfire production. Early raids on it culminated in three major attacks in November 1940, each lasting about 7 hours and involving 120 bombers; it was the City's darkest hour. The raids were shocking and violent, but it was queues, blackouts, rationing, shortages and long working-hours that typified Southampton's war years. From early 1943 the build-up to D-Day and Operation Overlord began, and local factories and shipyards played a vital role, also building the floating Mulberry Harbours. The US Army took over organisation of the docks until 1946, when their final task was the embarkation of British war brides for the USA and Canada.

To be added to our email list for future lecture information, contact nick.lodge@iee.org.

Dear Friends,

Come on and celebrate!

However young or young at heart you may be, birthdays are a time for us to celebrate, and the Church is no exception.

This coming month on Pentecost Sunday, 19th May, we have a very special birthday, the birthday of the Church.

You may well be wondering what's so special about the Day of Pentecost and what makes it the birthday of the Church? Why should this matter to us today?

According to the Book of Acts, it was on the Day of Pentecost that the Holy Spirit was poured out on Jesus's followers. As they were given the gifts of the Spirit, Jesus's followers were equipped to play their part in a new era – the age of the Church.

After receiving the Holy Spirit, Peter stood up and proclaimed the Good News of Jesus Christ - and the spreading of the Gospel among peoples and nations was begun.

It was a day of gift – of pure grace. It was the beginning of an era of hope and optimism, excitement and joy – the Holy Spirit, God's Spirit,

the Spirit which drove Jesus, was let loose in the Church and became accessible to all people in all ages.

Just as Jesus had described, believers actually became bearers of the Spirit; they began to live out the presence and love of God and out of their hearts flowed rivers of God's love.

So, what of the Church today?

Two thousand years may have passed but the Spirit of God continues to be the lifeblood of the Church here in our Benefice and around the world. Women and men bear witness to God's transforming love through the way in which they live their lives and share God's love with those around them. The Holy Spirit is at work through them in our communities today in new and creative ways.

Please join us at our Benefice services as we celebrate the Gift of the Spirit at Pentecost, a very special birthday!

With blessings,

Gill Nobes
Curate

KIMBRIDGE RESTAURANT

Chicken breast with a wild mushroom and tarragon cream

Some flavours are just natural matches: chicken and tarragon, cream and mushrooms, and the four combined are delicious.

This recipe serves 4 people.

Ingredients

300g wild mushrooms
1 tablespoon olive oil
2 cloves garlic, crushed
Sprig of thyme
2 teaspoons butter
4 chicken breasts
250ml chicken stock
300ml double cream
1 tablespoon freshly chopped tarragon

How to make it

Clean and chop the mushrooms and leave to one side. Put the olive oil, garlic and thyme into a pan with a teaspoon of butter. Season the chicken breasts and add them to the pan and cook both sides of the breasts until they start to colour nicely. Add the chicken stock and simmer for 15 minutes until the chicken is cooked.

Remove the chicken breasts and leave to rest on a warm plate. Reserve any liquid from the pan and sauté the mushrooms in a teaspoon of butter. Add the cream, simmer until it reduces by half, and then add the chicken and any remaining stock. Once all have combined, place on a plate, garnish with the tarragon and serve.
