The Village Newsletter

April 2015

## That Abbey comes to this Abbey...

Followers of the ITV series *Downton Abbey* will no doubt be disappointed by the recent announcement that that the forthcoming series will be its last.

However, due to essential maintenance work at Highclere Castle in North Hampshire where the series has been filmed, the production company has settled on Mottisfont Abbey as an alternative location for some of the indoor scenes.

"Furthermore," said a representative, "we will be needing a number of extras for a party scene. We'd like to encourage local people to apply. If they have suitable period costume, so much the better!"

Posters giving all the details will be put up at the station and the Social Club early in April, probably around the 1st.

## VILLAGE HALL WORKING PARTY

This is a reminder that the Village Hall Working Party needs more hands!

The main tasks are decorating and cleaning.

On Saturday 11th April, work will be led by Andy Sacree, and will get under way at 10am. The following day, Sunday 12th April, Dave Francis will take over, also starting at 10am.

It would be very helpful if you are able to bring paint brushes and dust sheets.

## Superfast broadband: don't hold your breath!

Many households in Mottisfont and Dunbridge scrape along with just a few megabits per second of broadband, barely enough to watch BBC iPlayer.

This is doubly annoying when seen in the light of the national average broadband bit rate: 23Mbit/s!

The technical reason for our rather meagre service is that we are quite a long distance from the telephone exchange in Lockerley that serves us. At present, broadband comes down our phone lines, all the way from the exchange, and the distance means that the lines cannot handle high data rates.

The solution will be to provide a fibre optic connection from the Lockerley exchange to street cabinets in Mottisfont and Dunbridge. Optical fibres can carry extremely high data rates over long distances. The data will still arrive at our homes over phone lines, but it will have travelled over them only from the street cabinets, so will be able to achieve much higher data rates.

Hampshire County Council is running a £28.4m programme to provide high speed broadband, but Mottisfont and Dunbridge is in Wave 2, which runs from 2016 to mid-2019. Completion of Wave 2 should make superfast broadband available to at least 95% of premises in Hampshire. At present, information is not precise about when we will get the new service. More detailed information is promised by September this year.

The web site at [www.hampshiresuperfastbroadband.com](http://www.hampshiresuperfastbroadband.com) gives a lot of useful information, and a facility to register interest. Sadly the number of households who have registered in our area is reported to be just four! Raising the number might possibly influence the date of installation, so if you are interested in having a modern broadband service in the parish, please make sure you have registered your interest!

The deadline for inclusion of items in the May edition of the Acorn is 16th April.  
Please email items to [acornnews@mandercom.co.uk](mailto:acornnews@mandercom.co.uk).

Every year we commission a bird survey across the estate, which is completed by one of our volunteers. This year's report tells us that we have a total of 85 species recorded over the last 12 months, which included six on Schedule 1 of the Wildlife & Countryside Act 1981 as amended under the CROw Act 2000. These include Red Kite, Northern Goshawk (sadly no breeding pairs), Barn Owl, Common Kingfisher and Tawny Owl (not Schedule 1 species).

Readers might also be interested to know about the other wildlife recorded on the estate over the last 12 months, which includes: bank vole, barbastelle bat (one of the rarest bats in Europe), hare, harvest mouse, shrew, stoat, vole, water vole, weasel and wood mouse.

Please let us know if you would like a copy of the full report, which describes all of the species of birds on the estate, and lists butterflies and insects too. We have a separate report for northern commons of the New Forest, which is available too. We are delighted to report that we now have over 22 European nightjars at Foxbury, which represents over 20% of the entire nightjar population of the New Forest - an incredible achievement. Laura Baker, Outdoor

Ranger for this area, runs regular nightjar walks in the summer, so if you would like to find out more, go to:

<http://nurture.nationaltrust.org.uk/new-forest-northern-commons/things-to-see-and-do/events/>

And finally, we're pleased to say that the granddaughter of Maud Russell (donor of Mottisfont to National Trust), Emily Russell, is writing a book on the War Diaries of Maud Russell, due to be published next year. If you have any stories, recollections or pictures from that time, she would be very interested in receiving them.

### TEST VALLEY LECTURES 'Mosquitoes - Are We Safe?' by Dr. Jolyon Medlock, Wed 15th April 2015

There are 34 species of mosquito in Britain. Most do bite humans, but none carries infections. But there are now concerns about continental strains of mosquito, like the large and aggressive Asian tiger mosquito, which can carry dengue fever and is

## MOTTISFONT & DUNBRIDGE W.I.

To celebrate the 100th anniversary of the Women's Institute, 23 members and guests attended a meal at the Old House at Home Public House in Romsey on Tuesday evening. The meal was excellent and the evening was enjoyed by all.

A successful jumble sale was held on Saturday 14th March, and despite the cold the attendance was good. Donations are to be made to local charities, to be decided by the members.

The next meeting will be on Tuesday 14th April at 7.30 in Mottisfont Village Hall. The speaker will be Rev. Bryan Taphouse, and his subject will be 'Man of the cloth - a talk about textiles'. Visitors will be very welcome on this evening to come and enjoy the talk and a cup of coffee or tea.

Mary Batten

### Rose planting

WI Inspiring Women - that's the Women's Institute motto, and so INSPIRATION was the name chosen for the new rose celebrating their Centenary.

Mottisfont's own original WI was formed in 1918 and continued until its golden anniversary in 1968, after which it was disbanded. The present group (Mottisfont and Dunbridge WI) was founded by Jane Kew and friends in 1997, and two of the founder members, Molly Jackson and Cathie Wood, recently planted

an INSPIRATION rose at the Village Hall.

On the same morning Andy Clarke came to tell us about Woofability, a charity providing and training assistance dogs, which can, for instance, help deaf people and those with mobility problems and various other disabilities. Baba demonstrated his skills and was a great hit with the 16 people who attended.

Later there was an opportunity to chat as we enjoyed soup, bread and cheese.

Donations to Woofability were invited and gratefully received. Anyone wishing to know more about this charity (local to Hampshire, Somerset and South Wiltshire) will find the Woofability website ([woofability.com](http://woofability.com)) useful.

Another WI INSPIRATION rose will be planted later in the year in Mottisfont Abbey Gardens, a fitting place for a new rose.

Valda White (local WI President)

## The Broughton and Mottisfont Community Bus Committee

Charity Number: 284910

### Excursions 2015

Last year's excursion programme was very successful. Most trips went off with the bus full. The committee plans to run the following excursions during 2015. This reflects the discussions at the Annual General Meeting earlier this year.

DATE	DESTINATION	DRIVER
20/5/15	Chichester/ Bognor Regis	Volunteer awaited
17/6/15	Isle of Wight	Michael Horne
15/7/15	Weymouth	Michael Hoskins
19/8/15	Mystery Tour	Volunteer awaited
16/9/15	Swanage	Volunteer awaited
21/10/15	Windsor	Peter Broome
19/11/15	Street	Michael Hoskins

You will be pleased to hear that we are able to hold the fares for the second year running. There will be no increase on last year's price of £14.00 per person per trip. As before, there will be a supplement to cover the ferry costs on the Isle of Wight trip. Bookings can be made with Pam Dawkins on 301203. Please do not contact her before the first day of the month in which you wish to travel. It is important to note that bookings once made must be paid for. The start time is 9.30am from the Square.

George Vaughan – Honorary Secretary - 301045

Dear Friends,

Easter is one of the most wonderful times of the year. Not only is it a time when nature is renewing itself with new life bursting forth everywhere, but it is also a time when God brings us the promise of new life through his love and resurrection.

In the Gospel of St. John, Mary Magdalene's life is turned inside out at meeting the risen Lord. The only thing she can proclaim to the disciples is 'I have seen the Lord', and so the woman whose expectation of sitting with death at the tomb is filled with resurrection knowledge after speaking to the risen Jesus, who calls her by name ... Mary!

This has profound consequences for all of us as it shows that God is the God of the resurrection, and that our eternal life is with a Heavenly Father, who cares for us and calls us to life after this life is done.

Please join us across the Benefice churches for fellowship as we meet to worship and praise the Risen Lord this Easter.

With Easter Blessings.  
Ron.

## Future of Mottisfont & Dunbridge Station Yard

I am aware that the land owner (Mr Bullivant) has recently spoken about this to a couple of people in Dunbridge and I thought it would be helpful to comment, as there may be some concerns: Many residents who were living here (particularly in Dunbridge) in 2004 will remember that, at the end of the Annual Parish Meeting, Mr Ian Bullivant and Mr Neil Beasley (Architect) introduced their proposal for a development on this land. The main part was for a number of small terraced houses, grouped around a green area open to the road echoing the green at Mill Rise and there were also additional houses, some with attached workshops and parking areas. If I remember correctly, the plans received general approval and a number of useful suggestions were made at the meeting. They then had a pre-planning meeting with TVBC, who didn't like the 'village green' layout with houses at right angles to the railway (which we generally preferred) and advised him not to submit plans in that form. Unfortunately, I think there was a general downturn in house building, so he didn't take this any further at that time.

You will probably be aware that TVBC now has a large quota to meet on new housing, so it is not surprising that this project is likely to be resurrected now, but obviously in a format that should meet TVBC approval. I have seen the new concept drawings and spotted an important detail (missed in 2004) that could provide extra parking at the station

at minimal cost (very important) and, in addition, would also provide a better site layout. Therefore, the project has effectively gone back to the drawing board, and as the final plans will be very different, there is obviously no point having a public presentation (as in 2004) any time soon, as the 'important detail' involves negotiating with Network Rail, which could take some time. The parish council has not discussed this and our view is that there would need to be a public presentation, as in 2004 before we form a view.

One final point on station car parking: The Three Rivers Partnership, who runs our local rail services, has wanted extra parking at the station and one suggestion has been to purchase some land from Mr Bullivant. However, this would be very expensive and would inevitably result in pay parking at the station and if you want an object lesson of how bad that would be for Dunbridge, go to Grateley Station and see how much of the surrounding area is double yellow lined (their on-line PC minutes over the last two years are also very enlightening, as this is still an on-going issue there!).

If anyone has any questions about this not covered in the above, please give me a call.

John Millns, Parish Council Chairman

## Recipe of the month: Banana bread

This recipe makes two 2lb loaves.

### Ingredients

400g butter  
1 cup light brown sugar  
1 cup caster sugar  
4 eggs  
6 bananas  
4 cups self-raising flour  
2 teaspoons baking powder  
2 teaspoons vanilla essence

Kate Buchan,  
Head chef at  
Kimbridge Restaurant

### How to make it

For best results, freeze the bananas two days prior to making, then take them out of the freezer the night before to defrost. Make sure to place the bananas on a plate, as they will weep when defrosting. If you are unable to freeze the bananas, just use over-ripe ones and mash them well.

Pre-heat the oven to 180°C (160°C fan)/350°F/ Gas Mark 4. Grease and line two 2lb loaf tins with baking parchment.

With an electric whisk, cream together the butter, the two sugars and the vanilla essence until pale and fluffy. Add the eggs and beat in well. Add the mashed banana if using fresh, or if using frozen cut a slit in the skin and scrape out all the banana. (It should be very soft.) Once thoroughly mixed, slowly add the flour and the baking powder and mix in til smooth.

Split the mix evenly between the two lined tins and place in the oven. Cook for 25-30 minutes. Once cold, slice the banana bread and serve with butter.

## Football Club

Mottisfont FC continue their good form, and are still top of the league at this late stage in the season. They have three league games remaining, and only need one victory to secure the Division 6 League title.

The fixtures are to be confirmed. Anyone interested should contact Alan Stewart on 340492.

Mottisfont were unfortunately knocked out of the Hampshire Cup, but have reached the semi-finals of the Charlie Godden Cup, and face Carnival UK on 29th March.

The League is aiming to wrap up all fixtures by 26th April.
