## PLAY AREA AT MOTTISFONT VILLAGE HALL

The Parish Council and Village Hall Committee have been considering building a play area in the grounds of the village hall.

However, before attempting to raise funds, it is important to know if this is something that would be a popular and well-used facility.

A play area at the village hall would be sited well away from the houses in Keeper's Lane and would be designed for the under twelve age group.

Please let us have your views by emailing [acornnews@mandercom.co.uk](mailto:acornnews@mandercom.co.uk), or by completing the slip below and leaving it with either Michael Horne at 4 Mill Rise, Dunbridge or Andy Sacree at Rose Cottage, Mottisfont (opposite the Social Club).

Please tick this box if you would make use of a play area at the village hall.

**National  
Trust**

Eight years in the making, we're delighted to say that the infrastructure work in the mansion grounds is now complete. The new shop and visitor welcome centre opened for the second week of January and we're so pleased with it.

Thank you to everybody who has come to see the new building and who have been so generous with their kind feedback. As well as a new reception at the front so that we can welcome you all properly, there are toilets, a shop and a plant sales area so that you don't have far to take your purchases to your cars (...and the new spring range is looking fabulous).

And now I'm pleased to say that the new cafe is also open, where the old shop was in the Stable Yard. Taking its design theme from its time as a garage where Maud Russell parked her Rolls Royce, it looks superb and will sell hot and cold drinks, a wide variety of sandwiches and cakes, as well as a one pot hot dish. The new ice-cream parlour will open on days when the weather is nice too.

The cafe in the house should now be less crowded and will serve a full range of hot food, but in somewhat more "tranquil" surrounds now, we hope!

So do come and see us and enjoy our new facilities and remember that if you live in the parish, entry is free with your parish passes.

Best wishes,

Paul Cook

### **In the gallery...**

Thelwell: Ponies and Places  
On display until 10 April

A major exhibition from the family archives of Norman Thelwell, whose popular cartoons of plump girls on ponies are joined by many other satires of twentieth-century life.

Less familiar are Thelwell's beautiful paintings of local landscapes – he lived close to Mottisfont and captured the surrounding countryside in a series of stunning watercolours, many of which have never been exhibited before.

The exhibition has proved really popular, especially with local residents, so make sure you catch it before 10th April.

### **For families...**

Cadbury Easter Egg Hunt  
25 March - 10 April

Pick up an Easter hunt sheet, full of brain teasers and craft activities.

Follow the trail to discover giant eggs hidden around our grounds, and complete challenges with your family to earn a delicious chocolate treat.

£2 per trail, normal property admission applies.

### **In the café...**

Our new Coach House Café is now open. Come to the stables for light lunches, snacks and treats. Try a bowl of soup, find hot and cold sandwiches to eat in or take away, and stock up on cakes and drinks.

Everything is served on high quality disposable tableware, all of which can be composted or recycled.

This café is very accessible for families, with seating both indoors and outside.

The Old Kitchen in the house will continue to serve a full range of hot meals, cakes and drinks on china.

### **In the house...**

New for this spring is a harpsichord for the Boys' Room, on loan from the University of Southampton as part of an ongoing research project.

Maud and Gilbert Russell's son Raymond was a keen harpsichord performer and a leading figure in the early 20th-century harpsichord revival; we're delighted that the unique sound of this instrument will once more be bringing our house to life.

### **In the gardens...**

Enjoy a fresh spring stroll around the grounds this March.

Our gardens offer delightful displays of spring flowers, including daffodils, crocuses and tulips.

### **Keep in touch...**

### Meeting dates

Wednesday, 16th March  
Annual Parish Meeting:  
Wednesday, April 20th  
Annual General Meeting:  
Wednesday, 18th May

All meetings will be at 7.30pm in the Village Hall.

### GET INVOLVED!

The Parish Council has a vacancy for a councillor.  
If you are interested in actively helping your  
community,  
please email the clerk at  
mottisfont.clerk@tesco.net  
for further information about this role.

### The WI

The pleasant sound of bells was heard at this month's meeting when a visit from Bishop's Bells entertained 19 members to a very enjoyable evening. Members were also given the opportunity to 'have a hands on experience' by ringing the hand bells. With a lot of serious concentration and a little help from the ladies of Bishop's Bells, a recognisable tune was achieved! Well done to those who took the plunge and had a go.

It being Pancake Day we were served with pancakes by one of the members, and this was appreciated by all.

The meeting next month will be on Tuesday, 8th March at 7.30 in Mottisfont Village Hall. The speaker on this evening will be Susan Howe, talking about 'Eccentrics, Heroes and Tea'.

We would welcome visitors to this evening, so why not join us and also enjoy a cup of tea or coffee and a friendly chat.

Mary Batten

### Test Valley Villages Lecture 8pm on Wednesday, 16th March at Broughton Village Hall

For our March lecture, we are switching from history to science. The title is "Who do you think you are: How genes work", and the speaker is Andrew Seber CBE, who is well known for making science subjects accessible for people of all ages and backgrounds.

Knowledge and understanding about how life is passed down the generations has expanded immensely since the 1950s, when DNA had only recently been identified as the chemical at the centre of genetics.

Almost daily, there is news of advances in the understanding of genetics, chromosomes and the molecules that make them up, giving us tantalising glimpses of how we are shaped by our genes and what research may hold for the future.

This talk is an opportunity to review the basics of DNA and other molecules that are the fundamental building blocks of life, and how they contribute to making you who you are.

Whether you have a background in science or not, this talk will give a fascinating insight into how genes work.

Andrew Seber studied biochemistry at Oxford and York Universities, and specialised in the study of cell membranes. He spent most of his working life in public service education and leadership. One of his retirement activities has been using his teaching experience to explain to a wide audience the basis of molecular biology. He runs short courses, and talks to a variety of groups including the University of the Third Age, Café Scientific and WIs. He maintains his links with the Biochemistry Department in Oxford.

This lecture might be useful revision for any young people studying science for GCSE and A level, who may attend without charge. As usual, the cost for adults is £3 to include a drink. All are welcome.

The April lecture will be on Wednesday, 20th April.

Trust

We hope that as many parishoners as possible will take up this offer.

Dear Friends,

I love this time of year with its signs of new life, new beginnings and new hope.

Over 2000 years ago, Jesus shared his last supper with his friends and then experienced the darkness of betrayal and denial. He was arrested, tortured and suffered death on the cross. His body was taken down from the cross and placed in a tomb. It was a time of despair and of wintry darkness.

Winter is gradually giving way to spring; snowdrops and daffodils are in full bloom. As the days begin to lengthen, blossoms are appearing and the hedges are coming back to life. Fair weather friends like swifts and swallows are returning from their winter migrations and newborn lambs are taking their first steps.

But this wasn't the end of the story because three days later, the darkness of Good Friday gave way to glorious new life. On Easter Day, when Jesus Christ rose from the grave, he conquered sin and death, and nothing could be the same again. Although humanity had rejected God's Son, God gave humanity a new start.

Join us as at our services around the Benefice as we journey from Palm Sunday through Holy Week, and reflect on Jesus's death on the cross.

Christianity is a faith of new life, new beginnings and new hope. Later this month, Christians around the world will be celebrating our most important festival: Easter, the day on which the world changed, when winter gave way to spring, when God gave us a new beginning.

Come and celebrate at our Easter Day services and rejoice that Jesus is risen and give thanks for the new life and new hope that the resurrection offers to each of us.

Happy Easter!

Gill

**From Hampshire Alert on behalf of  
Action Fraud (National Fraud Intelligence Bureau)**

Fraudsters are setting up high specification websites advertising various electrical goods and domestic appliances. These goods are below market value and do not exist. The website will state you can pay via card; however when the purchaser goes to pay, this option is not available and the payment must be made via bank transfer.

The fraudster entices the purchaser and reassures them it is a legitimate purchase by using the widely recognised Trusted Shop Trustmark. They use the Trustmark fraudulently and provide a link on the bogus electrical website to another bogus website. This website shows a fake certificate purporting to be from Trusted Shops and provides thousands of reviews for the bogus electrical website. These reviews are all fraudulent. The website has not been certified by Trusted Shops and therefore the purchaser is not covered by the Trusted Shop money-back guarantee.

Protect yourself with the following steps:

- Check the authenticity of the website before making any purchases.

*continued on page 6*

continued from page 5

Conduct a 'Who is' search on the website, which will identify when the website was created. Be wary of newly formed domains. You can conduct this search at <https://who.is/>.

- Conduct online research in relation to the website, company name and the business address provided to identify any poor feedback or possible irregularities.

- Check the Trusted Shops Facebook page where warnings about websites using their Trustmark are published.

If you are in doubt about the legitimacy of a Trustmark then you can contact Trusted Shops on 0203 364 5906 or by email at [service@trustedshops.co.uk](mailto:service@trustedshops.co.uk). They will confirm whether they have certified that website.

- Payments made via bank transfer are not protected should you not receive the item. Therefore always try to make the payment via PayPal or a credit card where you have some payment cover should you not receive your product.

## Orange and lemon posset

This recipe serves 6 people.

### Ingredients

2 oranges, zest and juice  
900ml double cream  
250g caster sugar  
2 lemons, zest and juice

### For the biscuit

187g plain flour  
125g butter  
63g caster sugar

### How to make the posset

You will need 6 champagne flutes or something similar to put the posset in.

Grate the zest of the oranges and lemon, using a fine grater. Place into a saucepan with the cream. Gently heat and simmer for about 5 minutes.

Meanwhile put the sugar and the juice into another bowl and mix. Add the simmered cream and mix until the sugar has dissolved. Allow the mix to cool, and then pour it into the glasses. Put them in the fridge to set for a minimum of 5 hours; overnight is best.

Whip a small amount of cream and pipe in a swirl on top of the set posset.

### How to make the biscuit

Soften the butter being careful not to melt it.

In a mixing bowl combine the flour and sugar, and add the butter, mixing until it becomes a smooth dough. Then roll the dough into a sausage shape about 2cm deep, wrap in cling film and chill for 1 hour.

Once chilled, cut the dough into biscuits and place them on a baking tray lined with parchment paper. Cook for 7 minutes on 180°C (160°C fan)/Gas Mark 4 to 5 or until the biscuits start to go golden around the edge. Remove from the oven and while still hot sprinkle with caster sugar and leave to cool.

Serve a biscuit with each posset.

Sous Chef  
at Kimbridge
